The Pocatello/Chubbuck School District No. 25's student athletes are expected to adhere to standards which encourage good citizenship and assure a favorable school and District reputation. Participation in athletics is a privilege, not a right. Student athletes are held to the highest standards of personal, moral, and ethical behavior. Failure to meet those standards may result in the student being declared ineligible for competition and being removed from the team. Any student participating in athletics in the Pocatello/Chubbuck School District No. 25 will abide by the following Student Athletic Code of Conduct. The Student Athletic Code of Conduct will be enforced at school, at school functions, and in the community at large.

1. Academic Eligibility

Academic eligibility for middle/high school student participation in the athletic program is in accordance with the guidelines established by the IHSAA regulations. Student/athletes must be passing 4 of 5 core classes at the end of the trimester to be eligible for participation in the next trimester. Student athletes must maintain an overall C average (2.0 G.P.A.). Incoming 9th graders must pass, during the second trimester of 8th grade, all classes with a G.P.A. of at least 2.0. An attainable plan must be developed and implemented for those who do not have a 2.0 G.P.A.

To determine ongoing eligibility, student athletes' grades will be checked every six weeks. Student athletes must have a 2.0 G.P.A. with no F's or student athletes will be placed on a two-week probation, be considered at-risk participants, and remain as such throughout the trimester. Student athletes will be allowed to practice during the two-week probationary time. To be eligible to play, the student athlete must raise his/her grade to a C average during the two-week probationary period and have no F's. Student athletes who are on academic probation will not be allowed to dress in team uniform or participate in competitions. Student athletes who have not attained a C average during the two-week probationary period will be suspended from participating until a C average has been attained will remain at-risk and will have weekly grade and attendance checks throughout the season by the Athletic Director.

2. School Attendance

Attendance and punctuality are important aspects of education. Student athletes are expected to be in school the entire day of a contest in order to participate in the activity that day. Unverified absences on the day of a game will be considered as truant and could result in the administration prohibiting the athlete from participation in the game, competition or performance. The building principal or Athletic Director has the authority to prearrange exceptions to the attendance regulation. Exceptions include, but are not limited to, court appearances, death in the family, funeral arrangements, and student activities. Excessive absences and tardies could result in the administration placing student athletes on a contract.

STUDENT ATHLETIC CODE OF CONDUCT**3. Behavior/Equipment/Fees**

A student's behavior is expected to conform to the Pocatello/Chubbuck School District No. 25 rules and policies while in school, on any School District grounds or sponsored activities, whether at home or away, and in route to and from activities.

Any behavior that is disruptive to the learning process and/or safe environment or interferes with the rights of others shall be subject to disciplinary action in accordance with Policy 8210.

Participation in interscholastic activities and IHSAA activities such as athletics, drill team, cheerleading, band, choir, student government, graduation ceremonies, other co-curricular and extracurricular activities is a privilege. Students must exhibit standards of excellence in academics and citizenship to represent the Pocatello/Chubbuck School District No. 25 in competitions, contest, clubs, teams, or as officers.

All equipment must be turned in from the previous season before the athlete is allowed to participate in the next activity. All fees and fines must be paid and/or payment arrangements must be made with the administration before a student may participate in any extracurricular activity.

4. Sportsmanship

Any student athlete who is ejected from a game or competition for unsportsmanlike conduct falls under the IHSAA policy governing ejections. That policy states that if a student athlete is ejected from the game he/she is ineligible to participate in the next regularly scheduled competition. A student athlete who is ejected for a second time during the season will be declared ineligible to participate for two regularly scheduled competitions. A student athlete who is ejected for a third time during the season will be removed from the team for the remainder of the season. If any of these penalties are imposed at the end of the sport season and no contest remains, the penalty is carried over to that particular sport until the next school year. In the case of a senior student, the penalty will continue to the next IHSAA sponsored sport.

5. Use, Possession or Being Under the Influence of Alcohol, Tobacco, or Any Other Illegal Substance/Paraphernalia, or Misuse of Prescription/Over the Counter Drugs

The Pocatello/Chubbuck School District No. 25 will not condone the using, possessing or being under the influence of alcohol, tobacco, any other illegal substance/paraphernalia, or misuse of prescription/over the counter drugs.

Any student athlete using, possessing or being under the influence of illegal substances/paraphernalia or misusing prescription/over the counter drugs while at school or any school sponsored activity will be disciplined as per Policy 8210 - Student Discipline.

Any student athlete found to be using, possessing or under the influence of alcohol, tobacco, any other illegal substance/paraphernalia or misusing prescription/over the counter drugs during the sports season in which he/she is participating will be suspended from play according to the following:
